 - supervisor -
 - supervisee -
- Integration of theoretical models
 - Competency-based -
 - Treatment-based -
 - Developmental -
 - Integrated -

Clinical Supervision and Professional Development of the Substance Abuse Counselor

<http://www.ncbi.nlm.nih.gov/books/NBK64845/>

Professional disclosure:

Victor Bloomberg, LCSW – license and credentials are on file with the agency.

<http://www.vblcsw.com/documentation.html>

Career information:

<https://www.linkedin.com/pub/victor-bloomberg-lcsw/10/537/5aa>

Supervision process:

- Individual face-to-face – weekly
- Direct observation – available on written request
- Case note review – During individual supervision, additional by agency written request

Due Process:

Agency policies and procedures will be filed for any grievance or complaint against the administration, the supervisor, or the counselor. It ensures that all sides are heard and that the complaint and response to the complaint receive due consideration. In this case, informed consent means that all parties are aware of the process for lodging a complaint.

Confidentiality:

The supervisor and the supervisee have transparent communication the agency administrator in accord with Supervision Agreement, as well as agency policies and procedures. The primary concern that guides communication is the welfare of each client. The process of informed consent shall guide the expansion of communication beyond the parties identified in the Supervision Agreement and this outline of SAMHSA best practices.

The supervisee shall disclose and document through the process of informed consent that the client understands the fact of supervision and discussion/review of treatment with the supervision. The disclosure includes acknowledgment of enhanced quality through supervision.

Records of supervision:

- Agreements signed by both parties.
- A brief summary of the supervisee's experience, training, and learning needs.
- The current Individual Development Plan.
- A summary of all performance evaluations.

Clinical Supervision and Professional Development of the Substance Abuse Counselor

<http://www.ncbi.nlm.nih.gov/books/NBK64845/>

- Notations of all supervision sessions, including cases discussed and significant decisions made.
- Notation of cancelled or missed supervision sessions.
- Progressive discipline steps taken.
- Significant problems encountered in supervision and how they were resolved.
- Supervisor’s clinical recommendations provided to supervisees.
- Relevant case notes and impressions.
